5. **What is the review process for Mandatory Fees at Georgia Tech?**
   This mandatory fee review and approval process for the subsequent academic year consists of the following steps:
   a. For each fee there is an advisory committee that provides advice to each organization funded by that fee. These are the following: Athletic Advisory Committee, Health Services Advisory Committee, Parking and Transportation Advisory Committee, and Technology Fee Advisory Committee.
   b. Each organization funded by a mandatory fee considers its advisory committee’s input and then submits any proposal for a fee increase to the Mandatory Student Fee Advisory Committee (MSFAC). After formal review of the request, the MSFAC votes on the recommendations that it will present to the President.
c. The Committee then submits its recommendations to the President for review, with expectation of meeting the BOR deadline, generally in mid-December.
d. The President considers the Committee’s recommendations and then submits his recommendations to the Board of Regents. The Board of Regents acts on the President’s recommendations at its April meeting for the next fiscal year.

6. What is the make-up of the Mandatory Student Fee Advisory Committee (MSFAC)?
