STATE OF GEORGIA  
OFFICE OF THE GOVERNOR  
ATLANTA 30334-0900

Nathan Deal  
GOVERNOR

The Georgia State Senate  
The Honorable Casey Cagle, Lieutenant Governor

The Georgia House of Representatives  
The Honorable David Ralston, Speaker

The Citizens and Families of Georgia

Dear Lieutenant Governor, Mr. Speaker, Members of the Georgia General Assembly, and Fellow Georgians,

Georgia has a proud history of weathering adversity and emerging from those challenges a stronger, more prosperous state. Despite the economic challenges that our state, along with our nation, has faced in recent years, Georgia is again seeing steady and promising economic growth as a global destination for business and investment. Looking ahead, it is crucial that our state continues to make the strategic investments necessary to improve the business climate that keeps Georgia competitive in our global economy.

Georgia ended Fiscal Year 2013 in a strong fiscal position. Revenue growth exceeded projections resulting in the addition of more than \$339 million to the rainy day fund and bringing its balance to more than \$717 million, a five-fold increase (518%) over the last three years. Our rapid rebuilding of the Revenue Shortfall Reserve is the result of conservative fiscal management and living within our means during lean economic years. A robust rainy day fund is an important tool in maintaining our triple-A bond rating with all three rating agencies. Both a healthy reserve and highest quality bond rating are essential in building a business climate that shows Georgia is a reliable and economically strong state in which to invest.

The revenue projections for my Amended FY 2014 and FY 2015 budgets expect that Georgia will continue the steady economic growth it has seen in recent years while also taking into account the economic uncertainty that remains at the national level. The anticipated economic growth is enough to ensure that Georgia can continue to meet the most urgent needs of its citizens while also allowing for strategic investments that will provide a foundation for prosperity in the future. My budget recommendations seek to invest in key sectors to continue to make Georgia a state that is attractive to business and provides all of its citizens with the opportunities to live, work, and play.

One of Georgia's most valuable resources in attracting global investment is our people. Building a world-class workforce that is capable of meeting the needs of a rapidly changing global economy is central to maintaining Georgia's status as a premier business destination. My budget seeks to invest in our citizens and our workforce at every level, beginning with our

children. A strong educational foundation is essential for providing economic opportunities for our children later in life. Instilling a culture of a lifetime of learning ensures that our children will continue to build and develop important skills for the workplace throughout their careers. Therefore, we must ensure that every child receives the quality education to which he is entitled. My budget funds growth in our K-12 schools by providing more than \$134 million in Amended FY 2014 and \$207 million in FY 2015 for growth in Quality Basic Education. However, simply keeping pace with enrollment is not enough. We must begin to increase funds for our K-12 system to ensure that every student receives a full 180 days of instruction and that we are able to attract and retain the highest quality teachers. As a result, my FY 2015 budget also includes nearly \$315 million in additional funding for the Quality Basic Education program. This enables us, in partnership with local school districts, to restore instructional days, eliminate teacher furloughs, and enhance teacher salaries. These funds will provide our local school systems with the resources and flexibility to address the most critical needs of their students and teachers.

In addition to building a strong educational foundation for our citizens, we also must provide high quality postsecondary learning opportunities to enable them to build the advanced skills necessary for a capable, modern workforce. My budget builds upon the success we have seen in our higher education institutions by providing an additional \$23 million to the Board of Regents for resident instruction and \$4.5 million to the Technical College System for technical education. My budget also includes \$175 million in bonds to build, equip, and maintain world class higher education facilities to attract renowned faculty and provide an innovative, cutting edge learning environment for students.

Higher Education in this state must also be affordable in order for it to be accessible. Therefore, my budget provides Georgia's HOPE recipients with a three percent increase in the award amount for tuition for our University and Technical College systems. It also builds on our existing HOPE programs by establishing a new Zell Miller Grant, which will provide full tuition for students in our technical college system maintaining a 3.5 grade point average and expands the Strategic Industries Workforce Development Grant by \$5 million to cover additional fields with strong anticipated employment growth. My budget also establishes a low interest loan program exclusively for technical college system students to ensure that our students have access to affordable financing options after all scholarship and grant opportunities have been fully utilized. Finally, to encourage and support our youth in their academic pursuits, I am providing \$2 million for the REACH Georgia Scholarship to provide scholarships to academically promising middle and high school students. We also wish to encourage those who have begun a postsecondary education to complete their education. I am, therefore, including \$3.8 million for the Board of Regents and the Technical College System of Georgia for the Complete College Georgia Initiatives. The Board of Regents will engage in an outreach campaign to encourage those who have left their education before graduating to return to school to receive their degree while the Technical College System will focus on identifying students who may be at risk of leaving school and provide those students with resources to aid them in completing their education.

As part of our investment in our citizens, we also want to ensure that our state workforce attracts and retains the talent needed to effectively and efficiently deliver critical services for Georgians. My budget includes \$39 million to provide our state agencies with the ability to implement incentive programs for existing high-performing staff and to recruit new talent to state government. Additionally, my budget provides structured pay adjustments for several vital health and safety occupations across state government to bring the salaries for those positions up

to a market rate in order to encourage retention and experience in those job functions. We must ensure that the state is able to retain its best and brightest employees while also remaining competitive in recruiting exceptional new employees to public service careers.

In addition to investing in our people, my budget also invests in building and maintaining the infrastructure necessary for attracting business development. The Amended FY 2014 budget includes \$25.6 million for Forestland Protection grants that provide local governments with funds necessary to maintain key local services and quality schools while also preserving the state's important natural resources. The Amended budget also includes \$50 million for the Regional Economic Business Assistance grant program and OneGeorgia grant and loan programs. These funds will provide \$25 million in grants and loans for local governments to enable them to attract companies seeking to relocate to or expand in Georgia by assisting those companies with equipment, infrastructure, or training needs and \$25 million for grants to local school systems for digital learning infrastructure to make today's educational technology available to every student in our state. Additionally, I am recommending \$1.225 million in bond funding for the Technical College System's Quickstart program to purchase equipment needed for workforce training for strategic economic development projects. Georgia already is uniquely positioned as a national transportation hub, and as part of our efforts to continue to build capacity in our transportation and logistics industries, I also am recommending an additional \$35 million in bonds for the Savannah Harbor Expansion Project. This project will ensure that Georgia's port will be a primary access point for larger container ships once the Panama Canal expansion is completed. Finally, I remain committed to building water capacity across our state to support our growing population's needs. Therefore, I am including \$45.5 million for grants and \$20.75 million for loans for water supply and reservoir construction projects in my capital budget.

While my budget seeks to invest strategically in those efforts that I believe will pay back dividends to our citizens in the long run through increased economic opportunity and mobility, I also am providing the funding needed to protect our most vulnerable citizens today. Health care remains one of the largest cost drivers in the state's budget. Though Georgia is not expanding its Medicaid program, changes associated with the Affordable Care Act (ACA) and program growth will add an additional \$145.3 million in expenses in FY 2015. In addition, ACA-related mandates and taxes on employer health plans will cost the State Health Benefit Plan (SHBP) \$225.5 million in FY 2015, an expense that must be passed on to plan beneficiaries through employee premiums and employer contributions. My budget also continues to honor our commitments under the Department of Justice Settlement Agreement and includes an additional \$34.6 million to serve developmentally disabled and mental health consumers in community settings. Finally, it is imperative that our agency charged with ensuring the health and safety of Georgia's youngest citizens has the staff and resources it needs to effectively perform their jobs. I am providing \$7.4 million in FY 2015 as part of a three year commitment for additional caseworkers for the Division of Family and Children Services. These funds will help reduce caseloads for caseworkers to ensure that every case is able to receive the attention it demands.

Georgia's future and the future of its citizens is bright. Our reputation globally as the number one state in which to do business coupled with a state government that seeks to preserve and enhance a pro-business climate will ensure continued investment in our state for decades to come. Through this, we can ensure that all Georgians will enjoy economic opportunities for both

themselves and their children. I look forward to working with the honorable members of the General Assembly during the upcoming legislative session as we collectively seek to develop Georgia into a world class destination in which to live, work, and play.

Sincerely,
