3. What are fees called that are not mandatory?
   Other optional fees such as housing, parking, and dining are classified as “elective” fees. These are NOT subject to the review process described in #5 and are annually approved by the President.

4. What is the review process for Mandatory Fees at Georgia Tech?
   This mandatory fee review and approval process for the subsequent academic year consists of the following steps:
   a. For each fee there is an advisory committee that provides advice to each organization funded by that fee. These are the following: Athletic Advisory Committee, Health Services Advisory Committee, Parking and Transportation Advisory Committee, and Technology Fee Advisory Committee.
   b. Each organization funded by a mandatory fee considers its advisory committee’s input and then submits any proposal for a fee increase to the Mandatory Student Fee Advisory Committee (MSFAC). After formal review of the request, the MSFAC votes on the recommendations that it will present to the President.
   c. The Committee then submits its recommendations to the President for review, with expectation of meeting the BOR deadline, generally in mid-December.
d. The President considers the Committee’s recommendations and then submits his recommendations to the Board of Regents. The Board of Regents acts on the President’s recommendations at its April meeting for the next fiscal year.

5. What is the make-up of the Mandatory Student Fee Advisory Committee (MSFAC)?
   The MSFAC at Georgia Tech is comprised of twelve members:
   a. Eight students appointed by the Presidents of the Student Government Association (normally both SGA presidents are members of the Committee and one student is designated as the committee co-chair).
   b. Two faculty members appointed by the President of Georgia Tech.
   c. Two staff members appointed by the President of Georgia Tech (includes the co-chair from the Budget Office).

7. What has been the trend regarding Mandatory Fee increases at Georgia Tech?

   The trend for Mandatory fees is shown. This includes the Board of Regents’ Special Institutional Fee, which was first approved in Spring semester 2009 and increased in the three subsequent years. In FY23, the Special Institutional Fee was eliminated. That eliminated caused a decrease in the overall fees paid by students. All other fees were held at their current rates due to our focus on student affordability.

   Details can be found on the MSFAC website (see previous question for link). The new Campus Center Facility Fee ($85) was established in FY2021.
