<b>FY 2012 Revenue:</b>	<b>\$4,911,487</b>

**Current Uses of Revenue:**

The Student Activity Fee (SAF) is used to support various organizations benefiting students, such as the Campus Recreation Center (CRC), the Student Center, Student Publications, Intramurals and student-run organizations. The student activity fee is administered through the Student Government Association (SGA).

Over the past six years the number of students enrolled at Georgia Tech has increased steadily starting at 16,000 students in the fall of 2005 to the current enrollment of 20,000 students. This increase in enrollment correlates directly to an increase in the use of the primary facilities that the SAF supports, particularly the CRC and the Student Center.

There has also been an increase in the number of student organizations on campus. For the past several years SGA has received well over \$5 million in funding requests annually. The SAF, which is the only source of funding for such requests, reached its highest level of funding in Spring 2009, generating \$4,369,838 in allocations.

Due to the other requested fee increases for FY2013, the Student Activity fee will remain at the current level and an increase is not requested.
