GEORGIA INSTITUTE OF TECHNOLOGY
MANDATORY FEES REQUESTED FOR FISCAL YEAR 2017

Mandatory Fee: Technology

Current Fee Level FY16: $107 per semester

Proposed Fee Level FY17:   TBD

FY 2015 Revenue: $5,797,079

Fee Review Organization: Technology Fee Committee

Current Uses of Revenue:

The Technology Fee was implemented at Georgia Tech in fiscal year 1997. Tech was one of only four institutions in the university system to be granted approval for the fee at that time. The fee was initiated to help meet the ever-increasing demand and need for technological funding, as it became evident that traditional sources of funding could not keep pace with the need for technology expenditures. All units of the University System now have a technology fee in place.

The Technology Fee is used:

> "to fund refurbishment of existing technology-based education equipment and innovative projects for the use of technology in education in the 21st century. Funds for refurbishment of technology should be made available on a broad, equitable basis to ensure modern technology for all students. Simultaneously, funds to develop new applications of new technologies enhancing education in the future should be funded through a competitive proposal process." (Technology Fee Policy)
